

February 10, 2022 Agenda for Asbury Trustees Meeting 5:30

Call to order

Prayer

Minutes for January 13, 2022

Old Business:

Striping: I'll be getting that paint and paint for the sanctuary this weekend. Lewis has machine.

Electrical on side of Main building: partially done, told we were waiting on parts, no bill received yet

Main Building:

Cameras: ?

AC air returns by CLB: Jim M. replaced all.

Have a few lights that need to be converted to LED. Have some of the parts needed just need people who would do some of them.

New:

Have some spots in sanctuary that need spot painting. They are up in front. I will take chips to try and get some paint to match. Anyone interested in working on them with me? Only doing the worst.

Main roof leaks, need patching.

Drains in 1st floor bathrooms need investigating. They backed up during rain.

Flag: tattered, scouts will put up a new one for us. Dave Drown is providing the flag.

Community Life Building:

Damage to wall in gym is fixed. Still need to cage two vents in the gym.

One Eagle Scout project pending. I suggested replacing lattice fence on Prayer Garden. Robert Mealer will address this with us.

Set cleanup day in March for grounds and areas in the main building prior to Easter services. (April 15-17) Some tree pruning, trash pickup from outside by fence areas and such. Spray weeds around playground and sidewalk/parking lot areas with roundup. Pressure wash front areas that have been stained by palm drop off and any other areas that are discolored. Clean air vents in church, especially sanctuary. Replace ceiling tiles in some areas (after roof is patched). And anything else we see.
